

J D GREEN

> GO GREEN – GO JAN DEKKER

Due to a greater consumer interest in green environmentally friendly products, JAN DEKKER INTERNATIONAL intensifies its promotion of Natural, Organic, Fair Trade and Sustainable ingredients.

- > **Ecological ingredients** using natural and responsibly harvested resources.
- > **Certified Ingredients** from organic agriculture or from naturally derived chemistry.
- > **Fair Trade Ingredients** with clear ethical, social and environmental guidelines.
- > **Sustainable Ingredients** that accommodate economic progress, social responsibility and maintain the natural balance of the planet.

Good for People – Good for Jan Dekker International

“Respecting the environment” is a watchword for our entire organization. A lot of our actions have been green for years including the reduction of the energy consumption, encouraging paper free workplace and careful selection of sustainable new ingredients and partners.

SUSTAINABLE WITHOUT REALIZING IT. IT IS JUST OUR NATURE
